For
Air Quality Operating Permit
for San Juan County Regional Landfill of San Juan County

San Juan County at 100 S Oliver Dr; Aztec, NM 87410 has submitted an air quality operating permit application to the New Mexico Environment Department (NMED) for an air quality operating permit for its San Juan County Regional Landfill. The owner of this plant is San Juan County. The exact location of the facility is at latitude 36 deg, 46 min, 1.88 sec and longitude -108 deg, 2 min, 57.13 sec. To aid in locating this facility, the street address is 78 County Road 3140 or approximately 4 miles southwest of the center of Aztec, NM, in San Juan County. This application file has been assigned an Operating Permit Number P246L-R1 and TEMPO Agency Interest ID No. 4544.

The facility was not required to obtain an air quality construction permit but is currently operating under an air quality operating permit, number P246LM1.

The main purpose of the facility is to serve as a municipal solid waste (MSW) landfill. The facility is currently authorized to dispose of MSW and the following approved special wastes:

- Chemical Spill Residue
- Petroleum Contaminated Soils (PCS)
- Sludge
- Packing House & Killing Plant Offal
- Industrial Solid Waste
- Treated, Formerly Characteristic Hazardous Waste

This operating permit application is for a permit renewal. Per 20.2.70.401.C.(4) NMAC, this permitting action involves updating air emission source information that are due to current and future expansion and modification of the landfill.

There are no changes to the existing air emission limits in this permitting action.

The NMED has conducted a preliminary review of the information submitted with the permit application. This review included evaluation of the emission rates and applicable requirements to determine compliance.

The NMED has made a preliminary determination that this facility will comply with the requirements of Title 20, New Mexico Administrative Code (NMAC), Chapter 2, Parts 7, 64, 70, 71, 73, and 77; 40 CFR 50; 40 CFR 60 Subparts A and WWW; and the New Mexico Air Quality Control Act. Therefore, the preliminary intent of NMED is to issue the air quality operating permit on or before February 13, 2014.

Interested persons may obtain the draft operating permit, submit written comments, or request a public hearing on Operating Permit Number P246L-R1 by contacting Daren Zigich at the New Mexico Environment Department, Air Quality Bureau, 525 Camino de los Marquez Suite 1, Santa Fe, NM 87505-1816.

Written requests for public hearing must state the nature of the issues proposed to be raised in the hearing. Comments must be based on the requirements of the applicable state and federal air quality regulations and the Clean Air Act. Comments or hearing requests must be received within 30 days after the public notice is published.

The permit application, draft permit and relevant supporting materials are currently available for review at the Air Quality Bureau, 525 Camino de los Marquez Suite 1, Santa Fe, NM 87505-1816. The Department contact in Santa Fe is Daren Zigich at 505-476-4366.
